

PM Construction Services

Capabilities Statement

PM Construction Services LLC is a woman-owned New Jersey general contracting firm specializing in general construction, masonry, landscaping, HVAC, electrical, and loading dock repair. We provide fast, reliable micro-purchase services for federal facilities, ensuring every project is safe, compliant, and fully operational.

Core Competencies

- **General Construction & Facility Repairs** – Skilled execution of structural, interior, and exterior projects for federal sites.
- **Skilled Trades Expertise** – Masonry, HVAC, and electrical services performed by qualified, reliable specialists.
- **Preventative Maintenance Programs** – Routine inspections, servicing, and safety checks to ensure long-term facility performance.
- **Rapid Micro-Purchase Response**: Fast turnaround for urgent repairs, small projects, and service calls under federal thresholds.
- **Compliance & Safety Management**: Full adherence to OSHA, USPS, and federal facility standards, including Lockout/Tagout

Differentiators

- Fast response times and clear communication with facility managers
- Comprehensive Multi-Trade Capability Under One Contractor
- Over 30 Years of Site Supervision and Project Management

Experience

PM Construction Services LLC partners with highly qualified trade specialists including masonry, HVAC, electrical, landscaping, and loading dock experts who bring decades of hands-on experience working across New Jersey. Supported by more than 30 years of site supervision and project management experience, we ensure every project is executed safely, efficiently, and in full compliance with federal standards. Through these established subcontractor relationships, we provide reliable, compliant, and rapid response micro purchase services while managing all communication, scheduling, and quality control.
